

# John Fazio

---

## Senior Power Systems Analyst

John Fazio has been a systems analyst for the Council since 1984. He is currently involved in the review of the operation of the Columbia River hydroelectric system and its impact on both anadromous and resident fish. He also assists with analysis related to the anticipated deregulation of the electricity industry. Born in Genoa, Italy, John immigrated to the United States with his family in 1955. He received a B.S. degree in physics from the University of Portland in 1974. He was a doctoral candidate in physics at the University of Oregon and received a M.S. degree in 1976. John has taught physics (part time) at the University of Portland and at Concordia College.
